

SDGs activities in Shiba Park Hotel

How we can contribute to sustainable vacations

We have set four key goals that aim to contribute to the 17 Sustainable Goals (SDGs) as follows:

We will steadily implement initiatives to fulfill our social responsibility to our guests, employees, business partners, and communities.

Sustainable amenities

Millennium Organics Blue Label

Items:

Shampoo, conditioner, body wash, and hand wash
* Body lotion is a Millennium Organics product.

We offer the amenities of "Millennium Organics Blue Label" containing 90% or more of plant and mineral derived ingredients. It is scented with natural essential oils without using synthetic fragrances, uses carefully selected raw materials according to organic standards, such as not using ethylene, and does not use harsh preservatives such as parabens and MIT, and has antibacterial properties. It has a formula (ingredient composition) that maintains antibacterial properties due to the blend balance of essential oils and plant extracts, and we have adopted products that have a low environmental burden as a whole.

Unused ingredients:

Paraben / MIT, petroleum-based surfactants, synthetic polymers,
synthetic colorants, animal raw materials, nickel.
* Products that have not been tested on animals

Eco-amenity / Straw mixed with raw materials

Items:

Toothbrush, bi-fold hairbrush, razor, vanity kit, body towel

It is a product that uses raw materials that contain natural straw.
It is an amenity that reduces the burden on the environment by reducing the plastic usage by about 40%.

Straw is mixed with the raw material. The amount of plastic used is reduced by about 40%.

* SintoWorld Co., Ltd. PP Reduction rate from single raw material products

Packaging OP film part changed to paper. Reduced plastic usage by 35%

* SintoWorld Co., Ltd. OP Reduction rate from mat packaging

Paper carton mineral water bottle

Paper products (made by Havary's) are used for the mineral water containers instead of plastic bottles. Havary's products use FSC-certified recyclable paper packaging and are 100% recyclable from paper to paper. It is also a product that donates 1 yen per bottle to the World Wildlife Fund.

* FSC certification: International forest management certification system by the Forest Stewardship Council (FSC)

Organic certified product ART OF TEA

Art of Tea is a tea brand located in Los Angeles, California. The finest tea produced by carefully hand-blending the highest quality organic tea leaves and black tea selected carefully with organic botanicals (plants).

Items:
Sencha Green, English Breakfast, French Lemon Ginger

Uses environmentally friendly bamboo products

Items:
Shoehorn, brush, bath trash can, trash can (2 pcs), hair dryer & hand towel holder, amenity case BOX, notepad holder, tissue case, hanger, ballpoint pen for guest room.

In order to reduce the use of plastic, we have adopted products that use bamboo material for the body.

We have adopted an environmentally friendly bag

Items:
Laundry bag, sanitary bag.

LIMEX is a new material made mainly from limestone. By using Limex as a bag, the amount of plastic can be reduced.
