Timeless Art Journey

As a key part of our initiative at Park Hotel Tokyo, we warmly welcome guests in the Atrium with the traditional Japanese concept of “Shitsurai” creating an environment that harmonizes with the beauty and etiquette of space arrangement, through our ongoing ART colours exhibition. This exhibition transforms with the seasons, offering a year-round journey through spring, summer, autumn, and winter. Each season is meticulously represented through art, capturing the fleeting essence of time and the ever-changing tapestry of the natural world.

Serene Seasonal Oasis

Nestled in a land revered for its ever-changing natural beauty, our hotel embodies Japan's ancient tradition of celebrating the seasonal transitions through landscapes, festivals, and crafts. Each space within our sanctuary is crafted to reflect the delicate beauty and reverence for nature's cycles, inviting guests to immerse in a serene atmosphere. Here, the profound Japanese aesthetic of cherishing the fleeting beauty of each moment comes alive, fostering a deep, harmonious connection with the natural world.

Seasonal Tea Experience

In the tradition of the tea ceremony, hospitality is tailored to the seasons, dividing the year into the “hearth” season and the “portable brazier” season, reflecting the profound Japanese commitment to harmonizing with nature’s ever-changing tapestry. The revered tea master Sen no Rikyu encapsulated this spirit with his principle, “In summer, provide a sense of coolness; in winter, warmth,” embodying the essence of thoughtful hospitality that attentively accommodates the guest’s comfort in tune with the natural world.

Artist Rooms

Based on the concept of “Infinite time and space amid cognizant Japanese beauty.” Park Hotel Tokyo has created a set of themes known as ART (Atrium, Restaurant, and Travel) and incorporated art allowing guests to experience Japanese aesthetics in the context of each of these themes. Providing a venue for artists to share their activities and information, we are taking on the role of a platform for the dissemination of Japanese culture, art and hospitality to our guests from all over the world. One part of this effort is the “Artist in Hotel” project. In the project, the artists themselves stayed in the hotel to absorb the atmosphere, and with the theme of “Beauty of Japan,” fashioned a standard guest room into a work of art with the experience and inspiration through their stay. The hotel's guest rooms themselves are works of art with nothing like them anywhere else in the world.

Artist Rooms Introduction

Artist Room En NO.31
by MARIKO KOBAYASHI

For every turn of Fortune's wheel, there's a time when you feel you have a secret bond with the "supernatural" beyond your own intentions and choices, which might give you or deny you these "en", and guide you somewhere else. I think that in today's changing times, we've forgotten that such inter-relationships do exist. We are connected with everything we encountered so far, and our world will continue to expand as it connects with everything we meet. I hope that your "en" with Japan, this room, and everything that happens to you in future, will be good.
